The Summer Recreation Program had another successful year with 60 children registered and 9 summer staff. This year we offered a half day program with ages 5-8 in the morning and 9-12 in the afternoon. We did a number of outings and special events which included 1. Manuels River & CBS Pool 2. Earles Riding Horses and Bowling 3. Axtion & Bowering Park and Local Boat Tour with Rodney. We finished the summer with a Rock Start Party Bus trip and Pizza Party for both kids and parents.

The Blueberry Festival was a great success with the Recreation staff overseeing the camper parking at the Playground and running the Nevada Booth.

The Christmas Tree Lighting Ceremony had a good turn out with many in attendance. Thank you for coming out and kicking off our Christmas season. Thank you to all the businesses who donated for our draws, much appreciated.

This year has been another exciting one for our seniors group. They attended a number of information sessions and an outing that included, NL Power, Railway Coastal Museum, Quidi Vidi Village and Foot Care Nurse, as well as a few entertainers. They participated in several fitness sessions which included bowling, therabands, Curling, and Walking Track. We also received a Provincial Wellness Grant in the amount of \$5,400.00 and Eastern Regional Wellness Coalition in the amount of \$1,000.00 These grants are being used for outings, lunches, curling set etc.

Our Walking Track is accessible to all and was put there to promote walking and physical activity within our town especially during peak summer months when our narrow streets are usually so congested. We invite you all to get out and check out our new track. 4 Laps equals 1km. In 2016 it is planned to have landscaping done along the walking track. We look forward to lots of activities in the new year that will continue to focus on wellness. Wishing all our seniors a wonderful Christmas and health and happiness in the new year.

As you may have noticed, development has began on the seniors 10 unit complex on School Lane. Council negotiated with Buckle's Contracting for the use of the land. Brigus residents have first round priority of renting the units. The Council Office is taking names of those who are interested in placing their names on the waiting list. For more information contact the Council office at 528-4588.

Avoiding unnecessary delays in obtaining your permit. Check with the Town Office if a permit is required before starting any work. Applications for development permits should be forwarded to the Town Council Office well in advance of Council meetings. This will give the Public Work's Committee ample time to review the development application and site. Applications are available at the Council Office or the Town Website www.brigus.net
